What is actually being remembered in the civil war monuments? A monument in and of itself is an endorsement of cultural values. The most offensive of the Southern monuments are those that champion the Confederate cause, and a monument to Lee is an endorsement by a particular city or town of the man and his cause.

The war-related poetry of Walt Whitman and others is examined, along with the patriotic songs of the period, as well as the visual art and photography of the war. The Civil War was the first major conflict to be documented by the then new art of photography, and arresting images of the war are presented in collections of work by Mathew Brady and other famous photographers. There is also a timeline that chronicles not just the major events of the war but those of American history leading up ...
